

Executive Department
State of Idaho

The Office of the Governor
Proclamation

State Capital
Boise

WHEREAS, the health and safety of all Idahoans is the greatest priority of our state and its leaders; and

WHEREAS, the Centers for Disease Control and Prevention has labeled the 2019 novel coronavirus (COVID-19) a pandemic that poses a serious public health threat; and

WHEREAS, the Secretary of Health and Human Services declared a public health emergency for the entire United States to aid the nation in responding to COVID-19; and

WHEREAS, Idaho is committed to being prepared and protecting Idahoans from COVID-19; and

WHEREAS, on March 13, 2020, when the first case of COVID-19 was confirmed in Idaho, I issued a proclamation declaring a state of emergency in the State of Idaho pursuant to Chapter 10, Title 46, Idaho Code, due to the occurrence and imminent threat to public health and safety arising from the effects of COVID-19; and

WHEREAS, President Trump issued a proclamation on March 13, 2020, declaring a national emergency due to the outbreak of COVID-19 in the United States and in order to implement additional measures to successfully contain and combat the virus in the United States; and

WHEREAS, I issued a proclamation on March 25, 2020, declaring a state of extreme emergency in the State of Idaho pursuant to Chapter 6, Title 46, Idaho Code, due to incidences of community spread, increasing occurrence, and the threat to public health and safety arising from the effects of COVID-19; and

WHEREAS, on April 9, 2020, President Trump declared that a major disaster exists in the State of Idaho, which allows for additional federal assistance to aid in recovery efforts related to COVID-19; and

WHEREAS, as of June 10, 2020, there are more than 2 million confirmed cases of COVID-19 and approximately 115,000 deaths in the United States and 3,260 confirmed or probable cases of COVID-19 and 85 deaths in Idaho due to COVID-19; and

WHEREAS, COVID-19 clusters with substantial community spread have developed across the United States, including in Idaho and neighboring states. In Idaho, cases of COVID-19 have been reported in thirty-five (35) counties and community spread of COVID-19 has been confirmed in twenty-four (24) counties in all parts of the state. One (1) Idaho county had the highest per-capita number of cases in the country at one point in time; and

WHEREAS, rapid community spread in one rural Idaho county was so severe it caused the local hospital to have to significantly reduce operations to protect its healthcare workers and caused patients to have to travel or be transported into other counties to be treated for COVID-19 or other illnesses and injuries. Idaho's rural communities are particularly at risk because of limited health care capacity; and

WHEREAS, COVID-19 outbreaks have occurred in several long-term care facilities in Idaho and resulted in several deaths; and

WHEREAS, the Idaho Department of Health and Welfare, other state agencies, and the local public health districts are expending resources to treat and track cases of COVID-19,

supporting healthcare system response, and addressing resource shortages through the use of supplies and equipment from the Strategic National Stockpile (SNS) throughout the State of Idaho to reduce transmission and illness severity. The costs associated with facilitating the COVID-19 preparedness and response effort are expected to increase commensurate with the severity of the outbreak; and

WHEREAS, the Idaho Office of Emergency Management Emergency Operations Center is coordinating resources across state government to support the Idaho Department of Health and Welfare and local officials in alleviating the impacts to people, property, and infrastructure, and is assessing the magnitude and long-term effects of the incident with the Idaho Department of Health and Welfare; and

WHEREAS, there continues to be a risk to life and the continued operation of public infrastructure as a result of cases of COVID-19 throughout the State of Idaho, and the declaration of an emergency pursuant to Section 46-1008, Idaho Code, is necessary to receive and distribute emergency funds from the federal government and the state; and

WHEREAS, the Governor may suspend the provisions of any regulations that would in any way prevent, hinder, or delay necessary action in coping with the emergency, pursuant to Section 46-1008(5)(a), Idaho Code; and

WHEREAS, the Governor is authorized to utilize all resources of the state, including, but not limited to, those sums in the disaster emergency account as he shall deem necessary to pay obligations and expenses incurred during a declared state of disaster emergency, pursuant to Section 46-1008(5)(b), Idaho Code; and

WHEREAS, on April 30, 2020, the Board of Examiners approved, pursuant to Section 67-3516(2), non-cognizable spending authority for the Governor's Office in fund 0345 for the \$1.25 billion for the time period of March 1, 2020 through December 30, 2020; and

WHEREAS, the Governor is authorized to transfer the functions of state departments and agencies or units thereof for the purpose of performing or facilitating emergency services, pursuant to Section 46-1008(5)(c), Idaho Code.

NOW, THEREFORE, I, Brad Little, Governor of the State of Idaho, by virtue of the authority vested in me by the Constitution of the United States, the Constitution of the State of Idaho, and by Section 46-1008 of the Idaho Code do hereby find and therefore proclaim and declare:

7. *That the appended list of regulations are hereby suspended for the duration of the declared state of emergency, including extensions, in order to ensure these regulations do not in any way prevent, hinder, or delay necessary action in coping with the emergency. Each agency responsible for administering a regulation or regulations suspended by this Proclamation shall immediately post to its website in a place easy for the affected public to find a list identifying and stating the text of each rule that has been suspended.
