

Weekly Summary of COVID-19 in Schools

Report posted Friday, October 9, 2020

The table below provides a list of Idaho K-12 schools with COVID-19 cases known to the Idaho Department of Health and Welfare. Case counts are sourced from local public health, media, and school reporting, and are limited to available information.

Notes:

- To prevent patient identification, data are excluded for schools with less than 50 students enrolled or without available enrollment information*
- Data are excluded for online and virtual schools**
- Data sourced from reports that do not include an actual case count, but reference multiple cases, are denoted with a (+) symbol. A school with 2+ cases has *at least* 2 known cases.
- Cases reported to or identified by IDHW more than one week after case identification will be included in the cumulative case count.
- Cumulative case counts include cases known to the department before the week of Sept. 25.
