Chairman Adams,

I have reviewed the recommendations of the Coronavirus Financial Advisory Committee, agree with and approve the funding recommendations as follows:

- \$2,000,000 to the Military Division for the activation of the National Guard, as described in Appendix A.

In my judgment, these are necessary expenditures incurred due to the public health emergency and align with the U.S. Treasury guidance on allowable uses of funds.

Please work with the State Controller on carrying out these recommendations and reporting all expenditures to Transparent Idaho.

Best regards,

Brad Little  
Governor

Chairman Adams,

As COVID-19 cases continue to rise across the state, the Idaho Military Division, via the Idaho Office of Emergency Management (IOEM) requests funds from the CFAC. Funds would be used to activate the Idaho National Guard for additional support in the fight against COVID-19.

IOEM requests \$2,000,000.00 from CFAC for the State Disaster Emergency Account. Funds will be used to bring 100 Idaho Guardsman onto State Active Duty for a period of 30 days.

Thank you for your consideration.

Respectfully,
