Governor's Updates

- Idaho is currently 41st in US for percent of doses distributed that have been administered as of 2/2/2021
- National Allocations are made based on state population 18 years and older (not per 100,000 people)

- 25,425 doses next week
 - 5% increase over this week's allocation
 - 17.7% increase over two weeks ago
- Consistent allocation for the next few weeks

Federal Allocation of Doses Delivered Thursday 2/11

- For now in Idaho, doses will go to Walmart & Albertson's chain pharmacies
- Next week – 1 million doses across all US jurisdictions
