CVAC voted for Option A
Votes for Option A = 24
Votes for Option B = 6
1 abstained

Congregate Living

- Clarification on definition

- Recommendation on prioritization

Remaining Clarifying Votes

- Restaurant & bar workers

- Airport workers

- Banks and financial services

- Idaho Tax Commission employees

- Idaho Power subset of frontline essential workers - outdoors

Congregate Living Settings Previously Prioritized by CVAC

4

Congregate Living Setting	Staff	Residents
Long-term care facilities (LTCFs) (including LTCF-like units in correctional or detention settings)	X	X
Independent living facilities attached to residential assisted living facilities	X	X (Federal Pharmacy Partnership)
Adult day care facility	X	X
Intermediate care facilities for individuals with intellectual disabilities (ICF/IIDs)	X	X
Certified family homes (CFHs)	X	X
Residential schools/facilities providing behavioral health treatment	X	
Correctional and detention facilities	X	
Homeless shelters	X	X

Option	Congregate Settings	Number of Votes on 3/5
A	Do not prioritize congregate living separately in Group 3 and assume they are included in the group on which you just voted (e.g. age band or age/condition)	13
B	Prioritize congregate living after groups as voted	6
C	Prioritize congregate living in conjunction with groups as voted	10
D	Prioritize congregate living before groups as voted	0

Vote #1 – Congregate living settings for possible inclusion in Group 3

6

	Congregate Setting	Population Estimate
A	Emergency shelters and transitional housing if not already included (e.g., domestic violence and abuse shelters).	Domestic violence shelters: 319 beds (likely already included with homeless shelters)
B	Dormitory* housing for workers.	First responders at training, Group 2.1. Farmworkers, Group 2.3. Unknown # of others (e.g. recreation and tourism staff).
C	Correctional and detention facilities (adult)	6,684 not already included
D	Group housing for persons in substance misuse treatment or recovery or with mental illness who do not require hospitalization (e.g., Supportive Housing and Innovative Partnerships [SHIP] and transitional housing).	487+ [SHIP housing = 211 beds; transitionalhousing.org lists 23 homes (not SHIP); est. 12 beds/home =276 beds
E	Residential treatment or recovery facility.	One licensed psychiatric residential treatment facility in Idaho (for teens), # beds not specified. Unknown other recovery facilities.
F	Dormitory* housing for students.	~6,000 beds in dormitories/residence halls for Idaho Unknown number currently living in dormitories. Most likely in 16–24 years of age group.

*Dormitory means a facility with numerous beds per room, communal bathrooms, and communal dining. It does not mean apartments with bathrooms and cooking facilities in each living unit, even if there is a common recreational area.

Choose one

Option A

Option B

	Congregate Setting
A	Emergency shelters and transitional housing if not already included (e.g., domestic violence and abuse shelters).
B	Dormitory* housing for workers.
C	Correctional and detention facilities (adult)
D	Group housing for persons in substance misuse treatment or recovery or with mental illness who do not require hospitalization (e.g., Supportive Housing and Innovative Partnerships [SHIP] and transitional housing).
E	Residential treatment or recovery facility.
F	Dormitory* housing for students.

	Congregate Setting
A	Emergency shelters and transitional housing if not already included (e.g., domestic violence and abuse shelters).
B	Dormitory* housing for workers.
C	Correctional and detention facilities (adult)
D	Group housing for persons in substance misuse treatment or recovery or with mental illness who do not require hospitalization (e.g., Supportive Housing and Innovative Partnerships [SHIP] and transitional housing).
E	Residential treatment or recovery facility.

Option	Congregate Settings
A	Prioritize congregate living settings so that the whole setting, regardless of age distribution or medical condition, can be vaccinated at once in Group 3
B	Do not prioritize congregate living settings separately in Group 3 and assume that residents will be vaccinated with the age band or age/condition in which they belong

Vote #3 – Restaurant & Bar Workers

9

~51,000

Does CVAC vote to include **restaurant & bar workers** in Group 3?
(A 'no' vote indicates that restaurant & bar workers will become eligible based on age and/or medical condition.)

Category	Idaho Group/ Subgroup
Age plus Medical Condition alternating with Age Bands <i>Medical conditions are defined as “are at increased risk” and “might be at increased risk” per the CDC.
