WHEREAS, on March 13, 2020, when the first case of COVID-19 was confirmed in Idaho, I issued a proclamation declaring a state of emergency in the State of Idaho pursuant to Chapter 10, Title 46, Idaho Code, due to the occurrence and imminent threat to public health and safety arising from the effects of COVID-19; and

WHEREAS, on May 21, 2021, I declared an emergency in the state of Idaho due to the ongoing occurrence and imminent threat to public health and safety arising from the effects of COVID-19. I extended the emergency proclamation on June 18, 2021; and

WHEREAS, as of July 17, 2021, there have been over 34 million confirmed cases of COVID-19 and approximately 608,000 deaths in the United States and 196,856 confirmed or probable cases of COVID-19 and 2,173 deaths in Idaho due to COVID-19; and

Currently, 123 people are hospitalized with COVID-19 and 40 people are in intensive care. Idaho's rural communities are particularly at risk because of limited health care capacity and staff; and

WHEREAS, the rate of COVID-19 cases in Idaho has put a strain on health care workers, resulting in staffing shortages across the State. Shortages have resulted from staff members testing positive for the virus or coming into close contact with someone who has COVID-19. Without health care workers and support staff, hospitals are not able to utilize their capacity; and

WHEREAS, the Idaho Department of Health and Welfare, other state agencies, and the local public health districts are expending resources to treat and track cases of COVID-19, supporting health care system response, and addressing resource shortages through the use of supplies and equipment from the state medical supply stockpile throughout Idaho to reduce transmission and illness severity. There continues to be a threat of injury, loss of life, and the continued operation of public infrastructure as a result of cases of COVID-19 throughout the State of Idaho, and the declaration of an emergency pursuant to Section 46-1008, Idaho Code, is necessary to receive and distribute emergency funds from the federal government and the State; and
